

## ***Fort Bliss***

### **BRAC 2005 Recommendation:**

*Transform Fort Bliss into a heavy maneuver installation that serves as the home to Operational Army units. The relocation of the Air Defense Artillery (ADA) Center and School and an ADA Brigade to Fort Sill generates the facilities and training capacity for the Army to activate a Heavy Brigade Combat Team (BCT) and station three additional Heavy BCTs, a Unit of Employment Headquarters (UEX) and various support units at Fort Bliss. The relocation of a Fires Brigade to Fort Bliss supports training and integration with the UEX and BCTs. These recommendations accommodate the return of forces from overseas and the Army's Modular Force Transformation.*

### **Gains:**

- Activated Heavy Brigade Combat Team
- 3 Heavy BCTs, a UEX and various units returning from overseas
- All mobilization processing functions from Ft Huachuca
- A Fires Brigade from Ft Sill
- Armed Forces Reserve Center (AFRC) Ft Bliss

### **Losses:**

- ADA Center and School and an ADA Brigade to Ft Sill
